## Colour Collections – Beautiful tools for serious gardeners

The world around us is full of colour – from our clothes and home interiors to our cars – why should practical tools be any different? We have created these beautiful Colour Collections of garden tools and accessories for the 2007 season. All tools are made to exactly the same high standards as our less jaunty versions.

P.T.O.

# The Soft Pink Collection

# The Sky Blue Collection

# The Soft Green Collection

Each of the three Collections comprises:

- |   |  |
