

# Welcome garden birds!

Feed the birds with our great offers and claim a set of **FREE mixed Gift Cards** from Wiggly Wigglers worth \$4.25. Putting out food can be a life-saver for birds, especially in winter. Many small birds lose up to 30% of their body weight on a cold night, so feeding makes a huge difference. ## OAK HANGING SEED FEEDER

A high-quality bird feeder made in the UK from oak for long life. These hanging feeders hold large quantities of bird seed, so you don't need to fill them so often. The easy-to-fill and lift-up ridge cover stops water getting in at the top and ensures that seeds stay dry for longer. Front and back perching platforms allow several birds to feed at once. Large feeder takes approximately 3kg of seed. **RRP £35: SAVE £5 and pay £30 (Code EG1005)**

## BIRDFEED TIN

Store your bird feed in this stylish metal container made in Sheffield by Burgon and Ball. The tin keeps seed and feed dry and away from hungry mice. Comes complete with a handy aluminium scoop for dispensing the feed. Size: 280mm x 300mm x 210mm. We've popped a **FREE 1kg box of Farmer Phil's bird food (worth £3.29)** in your tin to make sure you can use it from day one.  
**£14.95 (Code EG1002)**

## FARMER PHIL'S SEEDS AND FEEDS

Farmer Phil's British Mix is sown and grown in Britain and dried, cleaned and mixed on Wiggly Wigglers' Herefordshire farm. A large bag will often last for three months, working out at less than 26p a day. It's the best quality food - a nutritious mix of black sunflower seed, rape, millet, wheat, linseed, canary, unrolled oats and a little oyster grit. You can use on the bird table, but it is also free flowing so that you can put it in a birdfeeder. 12.75kg.
